

The Westin Book Cadillac Hotel

Project volume: \$11 Million

Customer: Marous Brothers/Jenkins Construction

Project Manager: Tony Maisano

Project Field Supervisors: Joe Landa (GF),

Shelby Lawhorn, Tony Colombo, Jason Halaas

Project Duration: 2 years, completion date Fall 2008

This Project includes the complete renovation of the Historic Book Cadillac Hotel in Downtown Detroit which stood vacant for two decades. It is a cultural landmark of Detroit and poised to become Detroit's ultimate luxury destination.

The electrical work is a Bayview Electric Company, LLC design/build project performed for Marous Brothers/Jenkins Construction.

The building is being renovated and turned into a mixed use Hotel and Condominiums. The total scope of the Building includes; luxury condominiums, hotel rooms, retail and restaurant space, fitness facility, ballrooms, state-of-the-art conference center, high speed cable and wireless internet access.

Bayview Electric Company, LLC will complete all electrical work, cabling, fire alarm systems, site lighting and all low voltage for data/communications (no residential wiring).
